On December 6 at 1:00 pm, the Board held a Working Meeting to discuss new metering equipment. Eames Petersen, Cynthia Wutchiett, Devin Petersen, and John Clawson were present. Cynthia Wutchiett acted as the meeting secretary and took the minutes.

Further research will be conducted regarding options for new metering equipment as follows:

John Clawson: Physical inspection of the two meter types (wand and radio) under consideration.

Devin Petersen: 1) Talk with users of both the Neptune wand and FM radio system and the Badger system. 2) Determine what data is immediately available from the wand system.

The meters are priced at \$100 (wand) and \$195 (fm radio). There is a \$700 cost difference between the reading equipment.

As there was no further business the meeting was adjourned at 2:30 p.m.

Cynthia Wutchiett, Secretary
